

Got Business Planning Questions?

We've got answers. More importantly, we've got the **right answers** and some good questions too.

There's so much to consider at each stage of a business's life. Using our experience and expertise we will help you navigate all your options to determine the best business plan, while also steering you clear of unanticipated problems.

These are some questions we will answer and help you with:

New Business Startup

- What is the best business entity to use? S-Corp? LLC? Sole Proprietorship?
- How can I minimize taxes?
- How can I limit liability?
- What paperwork needs to be drafted and filed?

Established Business

- What is the best method for adding a partner or changing the ownership structure?
- My business is growing: Should I change the structure of my business?
- Should I franchise my business?
- Can you guide me in purchasing a business?

Business Dissolution

- What is the best approach for selling my business?
- How does a 1031 exchange work?
- What is the best way to dissolve my business?

Estate Planning Considerations

- What is the best strategy for passing on my business to family?
- What are the tax considerations?
- How can I ensure that estate taxes don't force my family to sell the business?
